Description of Course

This course is designed to teach the student the process of how to direct a dramatic video program, using single-camera, film-style technique. The course is very comprehensive. We will learn how to recognize and improve a short, dramatic script; how to translate a script into a shooting script; how to schedule a shoot; how to audition, rehearse and get the best performances from actors; how to set up a shot; how to edit; how to work with a composer; and so on.

The approach we will use is very similar to preparing and producing a typical, feature-length film, and students will get first-hand knowledge of what awaits them if they decide to pursue a career in dramatic film/video production.

The course will be comprised of lectures, screenings, analyses, reading scripts, and viewing rushes and rough cuts.

Grading

“Making Movies” book report 10%
Two-three minute dialogue scene 20%
Three-four minute chase film 20%
Final project: 7-12 minute fictional program 50%

* 20% of this will be the student’s participation on the final project, evaluated by their teammates.

Please Note: - one point will be subtracted from your final grade for each unexcused absence.

- 10% will be subtracted from the project you’re working on if you don’t return the equipment on time; you may also lose borrowing privileges.

- 10% will be subtracted from your project for every day that an assignment is late.
