Research Methods in Mass Communication
MMC 6421-13HD
Wednesdays 1:55am to 4:55pm
1078 Weimer Hall
Spring 2019

Instructor
Dr. Benjamin Johnson
benjaminkjohnson@ufl.edu
(352) 273-2183
Office Hours: Tuesdays 1:00pm to 3:00pm in 2066B Weimer Hall

Course Description
MMC 6421 provides an overview of common mass communication research methods. Both qualitative and quantitative research methods, including in-depth interviews, focus groups, content analysis, surveys, and experiments will be discussed. In addition, students will be introduced to statistical software used to analyze data.

Course Learning Objectives
Upon completion of this course, students will be able to:
• Demonstrate the application of quantitative and qualitative research methods in mass communication contexts.
• Understand and effectively utilize key methodological terms, concepts and operations, such as research design, sampling procedures, measurement, reliability, and validity.
• Apply ethical principles in research involving human participants and reporting of findings.
• Design, conduct, articulate, interpret, and effectively report research.

Reading Requirements
The best predictor of success in this course is how much time you spend reading assigned materials. The course is designed so that assignments and quizzes draw from the concepts introduced, explained, and exemplified in the readings. Before each weekly class meeting, you are expected to read one or two book chapters and two or three exemplary journal articles.

Grade Overview
Class Participation: worth 10%
Leading Class Discussion: worth 20%
Quizzes (4): worth 5% each
Assignments (4): worth 5% each
Project Proposal: worth 30% of final grade

Grading Policy
A is ≥93.4%
A- is ≥90% to <93.4%
B+ is ≥86.7% to <90%
B is ≥83.4% to <86.7%
B- is ≥80% to <83.4%
C+ is ≥76.7% to <80%

Version 1.0. Updated 11 January 2019
C is ≥73.4% to <76.7%
C- is ≥70% to <73.4%
D+ is ≥66.7% to <70%
D is ≥63.4% to <66.7%
D- is ≥60% to <63.4%
E is <60%

UF’s grading policies are at: https://catalog.ufl/ugrad/current/regulations/info/grades.aspx

Schedule
Foundational chapters for each week are from:

Week 1:
Introductions (Jan 9)

Week 2:
Social Scientific Inquiry (Jan 16)
- Babbie, chapters 1 & 2

Week 3:
Ethics (Jan 23)
- Babbie, chapter 3

IRB training due Fri, Jan 25

Week 4:
Research Design (Jan 30)
- Babbie, chapter 4

**Week 5:**
Proposal: Literature review due Mon, Feb 4

**Conceptualization (Feb 6)**
• Babbie, chapter 5
• Quiz 1 (in class)

**Week 6**
Proposal: Research question and hypotheses due Mon, Feb 11

**Measurement (Feb 13)**
• Babbie, chapter 6

Peer review due Fri, Feb 15

**Week 7**
Proposal: Method overview due Mon, Feb 18

**Sampling and Generalization (Feb 20)**
• Babbie, chapter 7

**Week 8**
Proposal: Participants/Sampling due Mon, Feb 25

Version 1.0. Updated 11 January 2019
Surveys (Feb 27)

- Babbie, chapter 9
- Quiz 2 (in class)

**Week 9:**

Experiments (March 13)

- Babbie, chapter 8

Qualtrics questionnaire due Fri, March 15

**Week 10:**

Proposal: Procedure due Mon, March 18

Interviews and Focus Groups (March 20)

- Babbie, chapter 10

**Week 11:**

Proposal: Materials and measures due Mon, March 25

Content Analyses (March 27)

- Babbie, chapter 11

**Week 12:**
Data Analysis (April 3)
- Babbie, chapter 14
guide to null hypothesis significance testing and alternatives. *Human Communication
- Lakens, D. (2013). Calculating and reporting effect sizes to facilitate cumulative science: A
practical primer for t-tests and ANOVAs. *Frontiers in Psychology, 4*, article 863.
- Quiz 3 (in class)

*Week 13:*
Proposal: Analysis plan due Mon, April 8

Reporting Results (April 10)
- Babbie, chapter 15
- Appelbaum, M., Cooper, H., Kline, R. B., Mayo-Wilson, E., Nezu, A. M., &. Rao, S. M.
(2018). Journal article reporting standards for quantitative research in psychology: The APA
doi:10.1037/amp0000191

SPSS analysis due Fri, April 12

*Week 14:*
Reproducibility (April 17)
through transparency and openness: An overview. *Perspectives on Behavior Science.*
doi:10.1007/s40614-018-00186-8
- Vermeulen, I., Beukeboom, C. J., Batenburg, A., Avramiea, A., Stoyanov, D., van de Velde,
cause p-value misreporting and an excess of p-values just below .05 in communication
science. *Communication Methods and Measures, 9*, 253-279.
doi:10.1080/19312458.2015.1096333

*Week 15:*
Wrap-Up Meeting (April 24)
- Quiz 4 (in class)
- Final project proposal due Fri, April 26

Version 1.0. Updated 11 January 2019
Attendance
Regular, consistent attendance is necessary for success in this course. Attendance records will be taken and will factor into final participation grades. Absences for reasons recognized by the university can be excused if notice is given in advance (or as soon as possible in the event of a genuine emergency).

Accommodations
Students with disabilities requesting accommodations should first register with the UF Disability Resource Center at (352) 392-8565 by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodations. Students with disabilities should follow this procedure as early as possible in the semester.

Course Communication
Course materials and updates will be posted regularly to Canvas. Course-related questions should be communicated via email to Dr. Johnson (benjaminkjohnson@ufl.edu). I have a policy of responding within 24 hours (usually much sooner). I also encourage you to make good use of office hours and in-class discussion.

Class Demeanor
Students are expected to arrive to class on time and behave in a manner that is respectful to the instructor and to fellow students. Please avoid the use of mobile phones and restrict eating to outside of the classroom. Opinions held by other students should be respected in discussion, and conversations that do not contribute to the discussion should be held at minimum, if at all.

Honor Code
You are required to abide by the University of Florida Student Honor Code. Any violation of the academic integrity expected of you will result in a minimum academic sanction of a zero on the assignment. I take originality in writing and creative work very seriously, and expect you to fully understand what is considered plagiarism. I am always available to proactively discuss any uncertainties or ambiguities before you submit an assignment. Any alleged violations of the Student Honor Code will automatically result in a referral to Student Conduct and Conflict Resolution. Please review the Student Honor Code and Student Conduct Code at http://sccr.dso.ufl.edu/policies/student-honor-code-student-conduct-code/

Course Evaluation
Students are expected to provide feedback on the quality of instruction in this course by completing online evaluations at https://evaluations.ufl.edu. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students at https://evaluations.ufl.edu/results

Counseling and Wellness Center
Contact information for the Counseling and Wellness Center is available at http://www.counseling.ufl.edu/cwc/Default.aspx or (352) 392-1575.
Contact University Police at (352) 392-1111 or 911 for emergencies.

Version 1.0. Updated 11 January 2019
Assignments

**IRB Training (5%): Due Fri, Jan 25, 5:00pm**
You will complete the required ethics training provided by UF.
- The UF VPN is needed to access some training: [https://ufl.instructure.com/courses/361486/modules/items/7148578](https://ufl.instructure.com/courses/361486/modules/items/7148578)
- CJC falls under the university’s second review board, IRB-02. The instructions for IRB-02 training are provided at: [https://ufl.instructure.com/courses/361486/modules/items/7148578](https://ufl.instructure.com/courses/361486/modules/items/7148578)
- You can also create an IRB account at [http://irb.ufl.edu/myirb/myirb.html](http://irb.ufl.edu/myirb/myirb.html)

To complete the assignment, submit the certificates for “IRB Mandatory Local Training” and “Group 1. IRB-01 Mandatory Training: 1 – Basic Course” to Canvas.

**Peer review (5%): Due Fri, Feb 15, 5:00pm**
You will choose a research paper (from an instructor-provided list) and write an evaluation of the manuscript. The review should be between 500 and 1,000 words, and should focus on the design of the study, and the conceptualization and operationalization of variables. You may pay some attention to the literature review and hypotheses, as well as the analyses and interpretation, but the focus should be on critiquing the study design. We will discuss peer review in-class, and can also consult how-to-guides and commentary available at:
- [https://www.nature.com/articles/d41586-018-06991-0](https://www.nature.com/articles/d41586-018-06991-0)
- [http://reviewers.plos.org/resources/how-to-write-a-peer-review/](http://reviewers.plos.org/resources/how-to-write-a-peer-review/)
- [https://www.nature.com/news/let-s-make-peer-review-scientific-1.20194](https://www.nature.com/news/let-s-make-peer-review-scientific-1.20194)

**Qualtrics questionnaire (5%): Due Fri, March 15, 5:00pm**
You will prepare a Qualtrics questionnaire for your research proposal. We will hold a Qualtrics workshop in class, and you will receive individual consultations as you build your questionnaires.

**SPSS analysis (5%): Due Fri, April 12, 5:00pm**
You will perform statistical operations on an instructor-provided dataset in SPSS. A worksheet will be provided to walk you through the various steps. You will report your results in the worksheet.

**Quiz 1 (5%): In-class Feb 6.** Ten MC and short answer Qs over readings for weeks 2, 3, 4.
**Quiz 2 (5%): In-class Feb 27.** Ten MC and short answer Qs over readings for weeks 5, 6, 7.
**Quiz 3 (5%): In-class April 3.** Ten MC and short answer Qs over readings for weeks 8, 9, 10, 11.
**Quiz 4 (5%): In-class April 24.** Ten MC and short answer Qs over readings for weeks 12, 13, 14.
Discussion leadership (20%): Every two weeks. Each student will lead discussion for six journal articles over the course of the semester. Each discussion leader will complete a worksheet to prepare them for the points and questions they plan to cover during class. Articles will be chosen or assigned based on interest and distribution.

Project proposal (30%): Due April 26. Each student will produce a paper which details the rationale and methods for a research project they plan to undertake. The proposal should be written to form the basis of a future empirical research paper (and corresponding IRB proposal). The topic, and whether it is focused on testing an applied question or theoretical question, will be chosen by the student. The instructor will guide each student through the preparation of the paper via written and verbal feedback at each of the following milestones:

- Literature Review (between 4 and 10 pages, due Monday, Feb 4, 11:59pm)
- Research Question and Hypotheses (~half page, due Monday, Feb 11, 11:59pm)
- Method Overview (~half page, due Monday, Feb 18, 11:59pm)
- Participants/Sampling (~one page, due Monday, Feb 25, 11:59pm)
- Procedure (~one page, due Monday, March 18, 11:59pm)
- Materials and Measures (~two pages, due Monday, March 25, 11:59pm)
- Analysis Plan (~one page, due Monday, April 8, 11:59pm)

The final revised version is due Friday, April 26, 11:59pm. The paper should follow APA style and should be between 10 and 18 pages, excluding references. Each milestone is uploaded to Canvas, as is the final paper. Final papers will be evaluated on:
- Completeness
- Clarity of writing
- Strong connections between sections
- Validity of the operationalizations
- Feasibility of the project
- Value of the research’s contribution to the topic
