RTV4929c After Effects is intended to give career-path production students an introduction to various aspects of audio and video post-production tools and techniques.

STUDENT LEARNING OUTCOMES

By the end of the semester, the student should be able to:

- 1) Effectively use After Effects to achieve visual and animated effects.
- 2) Apply cinematic composition techniques to advance and complement a story.
- 3) Use non-linear editing software to organize and sequence images and effects.
- 4) Export video projects in the optimal codecs for each of these: mobile devices, websites, television broadcast, and cinema.
- 5) Offer constructive feedback of your own work and that of peers.

PREREQUISITES

VIC 3001 RTV3200, RTV3320

EQUIPMENT ROOM POLICIES

Students will sign an equipment room contract. Failure to adhere to the contract can result in a student having a grade point deduction and/or receiving an incomplete or failing grade in the class. Late returns will result in equipment privileges being revoked. Parking for the equipment room is limited to ten minutes. Failure to adhere to this policy can result in a point deduction from a student's final grade.

TEXTBOOK

[After Effects Apprentice, 4th Edition](#) by Trish & Chris Meyer

COMPUTER & SOFTWARE

It is suggested that students own a MacBook Pro and have access to the Adobe Creative Cloud Software. However, students will have access to the Mac editing lab.

ATTENDANCE, TARDINESS, AND LATE ASSIGNMENT POLICIES

Students are allowed one class absence per semester. Each additional absence will result in a two-point deduction from a student's final grade for each occurrence. Students are allowed to be tardy once during the semester. Each additional tardiness will result in a two-point reduction from a student's final grade. Any unexcused late assignment will be lowered 20% of the total possible points. Any assignment turned in over a week late will be lowered 50% of the possible points.

UNIVERSITY POLICIES

STUDENTS WITH DISABILITIES

Students requesting classroom accommodation must first register with the Dean of Students Office. The Dean of Students Office will provide documentation to the student who must then provide this documentation to the Instructor when requesting accommodation.

STUDENT EVALUATION OF COURSE AND INSTRUCTOR

Students are expected to provide feedback on the quality of instruction in this course based on ten criteria. These evaluations are conducted online at <https://evaluations.ufl.edu>. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available.

PROJECT DESCRIPTIONS

STILL PHOTO PROJECT

TRT 1:30 – 2:00

Using Photoshop, AE, and Premiere, students will edit a music video. Layered PSD's, 3D camera moves, 3D lighting effects are expected. Students should use 40 or more photos in this project.

CHROMA KEY PROJECT

TRT 1:00 – 1:30

Using EFP camera and portable chroma keys, students will experiment with various ways to stage “green screen” effects. They will then composite the chroma key material in an interesting and believable manner.

ANIMATED END TAG LOGO PROJECT

TRT :05 – :10

Students will pick one “client”: a network, a show, product or service to build an animated brand logo.

KINETIC TYPOGRAPHY PROJECT

TRT 1:20 – 2:00

Students will build a motion typography project paced to a favorite song, monologue or movie dialogue. Sound effects, Photoshop elements and more can be added to this.

FINAL PROJECT (STORYBOARD AND PRE-VIS ARE ALSO PART OF THIS)

TRT 2:00 – 5:00 total

Students will have the ability to create what they want for a final project. It should encompass most of what you have learned through out the semester. For full credit on the Final Project, students must go beyond what they have learned in the class. Short 2–5 minute action films, a series of commercials, web videos, and network promos are examples of acceptable final projects. Students without an idea for a final project will be assigned a branding/promotion project for WUFT-TV or WUFT-FM .

You must present a storyboard with outline and appropriate script. This is the Storyboard Pre Vis Assignment . You will meet one on one with Sorel to discuss and “sell” your project.
