Course Description

In Principles of Public Relations you will learn about the theory and practice of public relations, how public relations operates in organizations, its impact on publics, and its functions in society. You will study the professional development of the field; concepts, issues, and principles in the practice; and models and theories guiding the practice. You will apply course materials to public relations program planning and management by working in a group on a strategic planning project.

For those planning public relations careers, this course provides a foundation for the public relations major. The course also meets the needs of those planning other professional and managerial careers that can benefit from an understanding of public relations concepts and management practices. You must earn no lower than a "C" in the course to successfully complete the course and move on to other upper-level public relations courses.

Prerequisite: Sophomore standing

Course Format

This course will include only asynchronous components. Each week you will have readings, posted lectures to watch/listen to, and assignments. All of this comes together in your three exams and the large project due at the end of the semester. It is in your best interest to fully engage yourself because what you learn will help you make important decisions in the future.

Evaluation of Coursework

The evaluation of coursework will be based on the student's performance in three major areas, each of which constitutes a proportion of the final grade:

Assignments: 20%

Public Relations is not something you can simply read about or attend a class and know. It takes a lot of work. Throughout this course, we will do a variety of assignments. This work will not only count toward your grade, but also help give you experience applying what you are studying. In public relations, deadlines are extremely important, so I typically do not accept late work. But, we are likely to be impacted by COVID and other life events this semester. Because of this, I will give you the opportunity to submit late assignments for a 10-point deduction. Each assignment is worth 100 points. For each 24 hours an assignment is late 10 points will be deducted – note that one minute late is late. Every assignment marked late in Canvas will be considered late. Don't put off your assignments!

Three Exams:

The exams will be over the modules listed. Each exam will be 50 multiple choice questions. A makeup exam will be provided for student who miss an exam due to extreme, documented circumstances. You need to notify me ASAP and provide documentation. Exams are only open during a 24-hour window that starts at 12:01 am on the day it is due and will close at 11:59 pm that day. You can only take it once (no repeats). If you have any technical difficulties, please contact the Honorlock technical support and me immediately.
