## Course Description & Prerequisites

This course teaches students marketing strategies that will attract new business, as well as retain and foster repeat customers in the world of digital selling. When executed effectively, these strategies will increase brand awareness, drive leads, boost referrals, maximize a brand's return on investment (ROI), and also create brand loyalists who refer others. Why is this course important? Finding customers and generating sales is key to the success of any business, and companies can no longer rely on traditional strategies that once worked. The Internet has changed how people make buying decisions. Today, everyone has a channel and the ability to research products and services that interest them. This course will teach students creative ways to grab the attention and stay relevant amongst sophisticated consumers who are much less tolerant of advertising and sales. Rather than jumping right into online lead generation tactics, students will first learn how to define a brand's vision and architecture, which will guide their lead generation strategy. From there, students will be able to develop a brand's tone of voice to reflect in the messaging across every digital touchpoint. An emphasis will be placed on lead generation and management through website, SEO, social media, email marketing, content marketing, blogging, landing pages, analytics, and an introduction to CRM. Students will learn lead generation strategies and how to analyze results in order to formulate a comprehensive marketing plan for a business. The course requires that students have a basic understanding of the above listed marketing tactics as this course will aim to take a deeper exploration of these topics.

## Course Grading Policies

### Grading Criterion, Late Assignment Policy, and Expectations for Assignments

#### GRADING CRITERION

##### Discussion Boards (Total 30%)

There are 12 discussions worth up to 50 points each. There will be one discussion question per week worth 40 points. There is no word requirement but if the question is not thoroughly answered or well supported, points will be deducted. You are required to respond to at least two classmates on each discussion. Again, there is no word count, but the responses should promote conversation and add value. Responses are worth 10 points. Together, your discussion response and replies to two classmates are worth 50 points.

Your discussion responses are due on Sundays at 11:59pm. Your classmate responses are due Wednesdays at 11:59pm each week.

Overall, your posts must be a substantive and scholarly submission. A substantive response adds scholarly value to the discussion by bringing new ideas, research, evidence, etc. to the conversation. Responses such as “I agree,” “Ditto,” etc., are not acceptable replies and the rules of Netiquette must be followed. Replies are not texts with friends and proper rules of writing must be applied including citations and references (do not plagiarize). Discussion questions will not just promote conversation among the class -- they will be designed to keep you informed about the latest marketing and lead generation trends and to prepare you for future projects within the course.

### **Facebook Group (Total 5%)**

Since this is an online course, we will have a class Facebook group for additional interaction. Please feel free to use this group for questions, to collect feedback, share links, recommendations, etc. It is meant to be fun! I will be sharing links and articles in the Facebook group often. Most of the links will come from assigned readings in your Canvas module for that week. You are not required to respond to every single link I share, but you must participate regularly. I encourage you to share your thoughts on the articles and topics we discuss in class by writing in the Facebook group. We work in an evolving field, so there will be lots to talk about! Here is a link to the group: [Access Facebook Group here](#). Since it is a closed group, you will need to request entry and I will approve.

### **Projects (Total 40%)**

You will have eight projects throughout the semester which will focus on lead generation strategies for one specific brand of your choice. Please refer to my Course Overview video, which explains the process for picking your brand (specifically at the 15:25 mark).

### **Final Project (Total 15%)**

The final project will be a comprehensive PDF presentation featuring each of the semester long projects with all previous feedback and learnings incorporated, as well as an overview of the company and an explanation of your strategy. This will not be submitted via Canvas and not presented live. The projects will come together for one final project at the end of the semester. Lectures and discussions will help prepare you for these projects. Projects 1 through 8 are worth 100 points each and the final project is worth 300 points.

### **Google Analytics Academy (10%)**

Google Analytics is a tool that marketers use to track the effectiveness of lead generation tactics and how it relates to website traffic and online conversions. Students will enroll in Google Analytics Academy and complete the training entitled “Google Analytics for Beginners” which requires about 4 to 5 hours total.

Access the Training Here - [Select Google Analytics for Beginners](#)

Students may complete the training at any time throughout the course, and it does not need to be done in one sitting. By the end of the semester, students will submit a copy of their certificate indicating that they completed the training.

*Note: if you feel that you are already very proficient in Google Analytics, please email me and we can discuss enrolling you in one of the advanced Google Analytics courses to complete this requirement.*

### **Expectations for Writing Assignments: Writing Style**

In order to meet the academic rigor and standards of a graduate program, all students are required to use the Publication Manual of the American Psychological Association (APA) 7th Edition style in their courses. The APA 7th Edition Manual has a plethora of guidelines that includes scholarly writing, publishing principles, elements and format for your papers, writing style and grammar, bias-free language guidelines, mechanics of style, in-text citing and

references, etc. For additional information on notable changes, see changes between APA 6th Edition and APA 7th Edition.

Your grade will be calculated based on the following:

Assignments/Assessments	Points	Weight (%)
<b>Course Orientation:</b> These assignments are required; however, they not count towards the final grade. <ul style="list-style-type: none"> <li>• Student Introduction</li> <li>• Course Evaluation</li> </ul>	0	0%

<b>Final Project</b> <ul style="list-style-type: none"> <li>• Worth up to 300 points each.</li> </ul>	300	15%
<b>Google Analytics Academy</b> <ul style="list-style-type: none"> <li>• Worth up to 100 points.</li> </ul>	100	10%
<b>Participation/Facebook Engagement</b>	100	5%
<b>TOTAL</b>	<b>1900</b>	<b>100%</b>

Grade	Percentage
A	92.5-100%
A-	89.5-92.4%
B+	86.5-89.4%
B	82.5-86.4%
B-	79.5-82.4%
C+	76.5-79.4%
C	72.5-76.4%
C-	69.5-72.4%
D+	66.5-69.4%
D	62.5-66.4%
D-	59.5-62.4%
E	0 – 59.4%

The only passing grades for graduate students are A, A-, B+, B, B-, C+, C, and S. Grades of B-, C+ or C count toward a graduate degree if an equal number of credits in courses numbered 5000 or higher have been earned with grades of B+, A- and A, respectively. Grade points are not given for S and U grades; S and U grades are not used to calculate grade point averages. All letter-graded courses eligible to count toward the graduate degree, except 1000- and 2000-level courses, are used to calculate the cumulative grade-point average. Letter grades of C-, D+, D, D- or E are not considered passing at the graduate level, although the grade points associated with these letter grades are included in grade point average calculations. See the [UF grading policy](#) for more information.

### LATE ASSIGNMENT POLICY

Late assignments will not be accepted unless it is a [University excused absence](#) as stated in the attendance policies. **No late work will be accepted for final projects or work due in the final week of class due to the university grading deadlines.** If potential issues arise concerning submitting final work, students should contact their instructors before deadlines to discuss the possibility of an Incomplete Grade Contract.

1. Late Assignment Grade Reductions
  - a. 0-24 Hours Late: 10% reduction in grade.
  - b. Over 24 Hours (24 hours and 1 minute) to 7 Calendar Days Late: 20% reduction in grade.
  - c. After the 7<sup>th</sup> Calendar Day: Work will not be accepted.
2. Late Discussions will not be accepted.

## EXPECTATIONS FOR ASSIGNMENTS

# Select CJC and University Policies and Guidelines

## Academic Integrity Policy

UF students are bound by The Honor Pledge which states, "We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code." The [Student Honor Code](#), Violation of the Student Honor Code, specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to the appropriate personnel. If you have any questions or concerns, please consult with the instructor or TA's in this class.

## Netiquette

Casual style of communication is commonly found in the online environment and students are sometimes tempted to relax their grammar, word choice, syntax (arrangement of words to create well-formed sentences), writing mechanics (capitalization, punctuation, and spelling), and/or professionalism. Keep in mind when communicating with others to be courteous, civil, respectful, and professional. Please remember that you are adult students and professionals—your communication must be appropriate.

## Online Attendance Policy

Since the course is online, you should access your course at least four times per week to ensure you do not miss pertinent postings, messages, or announcements. It is imperative that you meet course deadlines and stay active in

discussion boards, group projects, etc. If you are experiencing a major illness, absences due to University duties, or other large-scale issues, contact the instructor immediately.

Students are responsible for meeting all academic objectives as defined by the instructor. In general, acceptable reasons for absences include illness, serious family emergencies, special curricular requirements, military obligation, [severe weather conditions](#), [religious holidays](#), and participation in official University activities. Absences from class for court-imposed legal obligations (e.g., jury duty or subpoena) must be excused. [Excused absences](#) must be consistent with university policies in the Graduate Catalog and require appropriate documentation. For additional information, see the [attendance policies](#).

### **Plagiarism**

Plagiarism is unacceptable; especially, in the academic communities. All academic work must be an original work of your own thought, research, or self-expression. Plagiarism includes, but is not limited to, prohibited collaboration, consultation, submission of academic work that has been purchased or obtained (see the [UF Policy: Student Conduct Violation](#)). Remember that plagiarism is not acceptable in any of your work including all discussion board posts, journal entries, wikis, and other written and oral presentation assignments. Always cite your sources!

### **Software Use**

All faculty, staff, and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.

### **Notification to Students of FERPA Rights**

There are federal laws ([FERPA](#)) protecting your privacy with regards to grades earned in courses and on individual assignments.

### **Student Guidelines for Courseroom Challenges**
