## Course Grading Policies

### Grading Criterion, Late Assignment Policy, and Expectations for Assignments

#### GRADING CRITERION

##### Discussion Boards (8 %)

There are two discussions that you are required to complete. Your initial post must be a substantive and scholarly submission. You must reply to at least two other students' posts with a substantive and scholarly response. A substantive response adds scholarly value to the discussion by bringing new ideas, research, evidence, etc. to the conversation. Responses such as "I agree," "Ditto," etc., are not acceptable replies and the rules of Netiquette must be followed. Replies are not texts with friends and proper rules of writing must be applied including citations and references (do not plagiarize).

All initial posts for each module discussion board must be submitted by Thursdays at 11:59 PM, ET, so your peers have time to respond to your initial post. Responses to peers are due by Sundays at 11:59 PM, ET. To view the grading criteria rubric for the discussions in the course room, click the Settings icon (the 3 dots on the top-right corner) and select the *Show Rubric* button.

- Discussion 1 – Comparison of Audience Research Methods
- Discussion 2 – New Approaches in Audience Research

##### Writing Assignments – Response Papers (20 %)

There are five response paper writing assignments that must be completed throughout the term. A response paper is to apply the knowledge you have gained through lectures and readings to specific studies. You can refer to the textbook or readings when completing the response paper.

- Assignment 1: Analysis of Research Questions/Hypothesis
- Assignment 2: Sampling Method Critique
- Assignment 5: Conjoint Analysis Critique
- Assignment 11: Media Measurement of Audience News Consumption
- Assignment 13: Facebook vs. Cambridge Analytica Case Study

##### Expectations for Writing Assignments: Writing Style

In order to meet the academic rigor and standards of a graduate program, all students are required to use the Publication Manual of the American Psychological Association (APA) 7th Edition style in their courses. The APA 7th Edition Manual has a plethora of guidelines that includes scholarly writing, publishing principles, elements and format for your papers, writing style and grammar, bias-free language guidelines, mechanics of style, intext citing and references, etc. For additional information on notable changes, see changes between APA 6th Edition and APA 7th Edition.

##### Method Development with Study Design (42 %)

There are five method development with study design assignments this semester. Students will apply their knowledge on audience research to develop a study using appropriate methodology and study design.

- **Assignment 3 – Survey Questionnaire Design (12%)**  
You will develop a survey to further understand the strengths and weaknesses of this method. A 15-20 item questionnaire and an informed consent page will be developed. You will not field the survey or collect data.
- **Assignment 4 – Experimental Research Design (8%)**  
Students will design an experimental study on a topic related to audience research to further their understanding of this method. You will not carry out the experiment or collect data.
- **Assignment 6 – ANES Dataset Analysis Proposal (6%)**  
You will practice analyzing secondary data to evaluate the strengths and weaknesses of this method. You will get familiar with the American National Election Studies (ANES) dataset and propose a secondary data analysis on a topic related to audience.
- **Assignment 7 – Interview Study Guide (6%)**  
After reviewing common qualitative research methods used in audience research, students will design and conduct an interview study to examine a specific audience group. By doing so, you will deepen your understanding of the pros and cons of this methodology. This assignment focuses on the study design with an interview guide and informed consent form.
- **Assignment 9 – Focus Group Study Protocol with Recruitment Flyer (10%)**  
Students will develop a focus group study protocol on a topic related to audience behavior. By doing so, you will examine the strengths and weaknesses of this methodology. You will not carry out the focus group.

**Method Development with Results (30%)**

There are four method development with results assignments where students carry out an audience study, collect the data and report the results. Students will conduct two qualitative studies—one interview and one ethnography, and a quantitative study to analyze the ANES dataset using SPSS.

- **Assignment 8 – Interview Study Report (6%)**  
You will analyze and report the findings from this interview project in a written report. You prepared the interview guide earlier in the term, then use that guide to conduct (and record in Zoom) three in-depth interviews, with the goal of answering your research question(s). This deliverable should be a professional report that you might prepare for your manager or your research team.
- **Assignment 10 – Ethnography Study and Report (12%)**  
After reviewing materials on how to conduct observation research and ethnography, you will conduct an ethnography to examine audience behaviors. You will follow guidelines for designing and implementing ethnographic research and complete the study report.
- **Assignment 12 – “OPTIONAL” Non-Graded DRAFT of ANES Dataset Final Report**  
In this “OPTIONAL” Draft assignment, you will conduct statistical tests in SPSS on the ANES dataset, and start writing the final report. A draft submission is voluntary if the student welcomes feedback from the instructor.
- **Assignment 14 – ANES Dataset Final Report and Presentation (12%)**  
The final report is to summarize the statistical tests you have conducted on the ANES 2020 data set, based on the research questions you proposed earlier this semester. In the final report, you will present the results of your analyses, which address your research questions and/or hypotheses. You are required to conduct two different multivariate analyses (minimum, but more is fine). Students will present their findings in a professional presentation via Zoom and receive feedback from their peers and the instructor.

Your grade will be calculated based on the following:

The only passing grades for graduate students are A, A-, B+, B, B-, C+, C, and S. Grades of B-, C+ or C count toward a graduate degree if an equal number of credits in courses numbered 5000 or higher have been earned with grades of B+, A- and A, respectively. Grade points are not given for S and U grades; S and U grades are not used to calculate grade point averages. All letter-graded courses eligible to count toward the graduate degree, except 1000- and 2000-level courses, are used to calculate the cumulative grade-point average. Letter grades of C-, D+, D, D- or E are not considered passing at the graduate level, although the grade points associated with these letter grades are included in grade point average calculations. See the [UF grading policy](#) for more information.

#### LATE ASSIGNMENT POLICY

Late assignments will not be accepted unless it is a [University excused absence](#) as stated in the attendance policies. **No late work will be accepted for final projects or work due in the final week of class due to the university grading**

**deadlines.** If potential issues arise concerning submitting final work, students should contact their instructors before deadlines to discuss the possibility of an Incomplete Grade Contract.

1. Late Assignment Grade Reductions  
Late assignments are accepted within 24 hours of the deadline with a 20% grade deduction. After that no submission will be accepted. Students must upload all assignments to the Canvas site unless otherwise instructed by the professor. No email submission is accepted.
2. Late Discussions will not be accepted.

### EXPECTATIONS FOR ASSIGNMENTS

- **Missed Live Lectures**  
In courses where there are live weekly or bi-weekly lectures, a recording of the lecture will be provided if you cannot attend. You will be responsible to "make-up" the missed lecture by viewing the recorded lecture or completing a required assignment.
- **Missed Live Virtual Meetings**  
In courses where there are live virtual meetings (mandatory or optional), a recording of the meeting will be provided if you cannot attend. You will be responsible to view the recorded meetings. In missed mandatory meetings, the instructor may require that you complete an assignment.

Except for weekends, holidays, and University breaks, the instructor will typically respond to emails within 48 hours. You should ask course-related questions in the FAQ discussion board. If you have questions of a personal nature, please email the instructor.

**Assignment Feedback Policy**

The instructor will provide feedback on submitted assignments within one week of the submission date. Some assignments may require a longer review period, which the instructor will communicate to you.

**Course-Related Questions Policy**

Except weekends and holidays, the instructor will generally answer questions within 48 hours.

**Video Conferencing**

The instructor will provide any information on required video conferencing within the courseroom.

**Electronic Communication Policy**

In addition to the University's policy, please consider the following:

- Prohibited [harassment](#) of any kind.

### Privacy

If your course includes live synchronous meetings, the class sessions will all be audio visually recorded for students in the class to refer back and for enrolled students who are unable to attend live. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate orally are agreeing to have their voices recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the "chat" feature, which allows students to type questions and comments live.

Please see UF's Information Technology [policies](#) for additional information.

## Select CJC and University Policies and Guidelines

### Academic Integrity Policy

UF students are bound by The Honor Pledge which states, "We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code." The [Student Honor Code](#), Violation of the Student Honor Code, specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to the appropriate personnel. If you have any questions or concerns, please consult with the instructor or TA's in this class.

### Netiquette

Casual style of communication is commonly found in the online environment and students are sometimes tempted to relax their grammar, word choice, syntax (arrangement of words to create well-formed sentences), writing mechanics (capitalization, punctuation, and spelling), and/or professionalism. Keep in mind when communicating with others to be courteous, civil, respectful, and professional. Please remember that you are adult students and professionals—your communication must be appropriate.

### Online Attendance Policy

Since the course is online, you should access your course at least four times per week to ensure you do not miss pertinent postings, messages, or announcements. It is imperative that you meet course deadlines and stay active in discussion boards, group projects, etc. If you are experiencing a major illness, absences due to University duties, or other large-scale issues, contact the instructor immediately.

Students are responsible for meeting all academic objectives as defined by the instructor. In general, acceptable reasons for absences include illness, serious family emergencies, special curricular requirements, military obligation, [severe weather conditions](#), [religious holidays](#), and participation in official University activities. Absences from class for court-imposed legal obligations (e.g., jury duty or subpoena) must be excused. [Excused absences](#) must be consistent with

university policies in the Graduate Catalog and require appropriate documentation. For additional information, see the [attendance policies](#).

### **Plagiarism**

Plagiarism is unacceptable; especially, in the academic communities. All academic work must be an original work of your own thought, research, or self-expression. Plagiarism includes, but is not limited to, prohibited collaboration, consultation, submission of academic work that has been purchased or obtained (see the [UF Policy: Student Conduct Violation](#)). Remember that plagiarism is not acceptable in any of your work including all discussion board posts, journal entries, wikis, and other written and oral presentation assignments. Always cite your sources!

### **Software Use**

All faculty, staff, and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.

### **Notification to Students of FERPA Rights**

There are federal laws ([FERPA](#)) protecting your privacy with regards to grades earned in courses and on individual assignments.

### **Student Guidelines for Courseroom Challenges**

Student with questions regarding course content such as assignments, assessments, instructional materials, lectures, meetings, course objectives, course module objectives, or other areas of the course, please adhere to the following guidelines:

1. You should first *approach the faculty member who is teaching the course* to ask for clarifications regarding the course assignments, assessments, materials, lectures, meetings, etc.
  - i) In the Course Orientation Module, you will find the Frequently Asked Questions (FAQ) page which has been placed there for the purpose of addressing course questions, issues, and challenges.
  - ii) In the Course Orientation Module Welcome page, under Meet your Instructor, you find the faculty members email and directions for requesting an appointment where you can address any concerns and/or questions.
2. If after meeting with *the faculty member teaching the course* you are still not clear on the course assignments, assessments, materials, lectures, meetings, etc., then the next step would be to contact online advising ([onlineadvising@jou.ufl.edu](mailto:onlineadvising@jou.ufl.edu)) for additional guidance.

### **Video Conferencing Etiquette**

Video conferencing is an excellent tool to interface with your peers and instructor(s) and there are also netiquette expectations to ensure that all participants are respected and treated with civility. Please make sure that you follow all of the netiquette and [etiquette](#) expectations including the following:

1. Be punctual and courteous.
2. Position your camera at eye level with good lighting.
3. Show respect and professionalism by dressing business casual or business professional.
4. No smoking or drinking alcoholic drinks.
5. Make sure your background is in a proper setting with minimal distractions.
6. Mute your microphone when you are not speaking.

### **Writing Style**

In order to meet the academic rigor and standards of a graduate program, all students are required to use the Publication Manual of the American Psychological Association (APA) 7<sup>th</sup> Edition style in their courses. The APA 7<sup>th</sup> Edition Manual has CJC04082021

a plethora of guidelines that includes scholarly writing, publishing principles, elements and format for your papers, writing style and grammar, bias-free language guidelines, mechanics of style, intext citing and references, etc. For additional information on notable changes, see [changes between APA 6<sup>th</sup> Edition and APA 7<sup>th</sup> Edition](#).
