# Course Grading Policies

## Grading Criterion, Late Assignment Policy, and Expectations for Assignments, Final Presentation and Project

### GRADING CRITERION

#### **12 Discussion Boards (Discussion Initial Posts 24%/Discussion Classmate Replies 12% - Grade Total 36%)**

Your initial post must be a minimum of 400 words and a substantive and scholarly submission. You must reply to at least two other students' posts with a 175-word minimal substantive and scholarly response each. A substantive response adds value to the discussion by bringing new ideas, research, evidence, etc. to the conversation. Responses such as "I agree," "Ditto," etc., are not acceptable replies and the rules of Netiquette must be followed. Replies are not texts with friends and proper rules of writing must be applied including citations and references (do not plagiarize).

All initial posts for each module discussion board must be submitted by Thursdays at 11:59 PM, ET, so your peers have time to respond to your initial post. Responses to peers are due by Saturdays at 11:59 PM, ET. To view the grading criteria rubric for the discussions in the course room, click the Settings icon (the 3 dots on the top-right corner) and select the *Show Rubric* button.

#### **Six assignments (due approximately every other week) (Grade Total 36%)**

Every other week you will have six required assignments during the course duration due Sundays at 11:59 p.m.

Beginning in week four, assignments will have a direct correlation to your final project phased completion. For example, the Week 4 assignment will focus on your partnership selections and overall concept of your strategic communications plan. This will serve as the first rough draft of your final project with each subsequent assignment added to the final project draft. This phased approach is designed to mimic real time plan development in a professional environment with your instructor serving as your Communications director and reviewing authority. There is no prerequisite word count for assignments.

#### **Mid-Semester Group Module 7 event: "Conference/Symposium Communications Strategies" (includes regular discussion and assignment as noted above)**

One of the top focal areas for both non-profits and government agencies is hosting an annual event. An effective communication strategy is one of the most important success factors for the event and includes many promotional variables, logistical elements, and post-event measures. Students will work in assigned four-person teams to complete that week's discussion (only one consolidated initial post for team for group grade for that week's discussion). Afterwards students will individually reply to classmates following regular protocols. The group event is designed to demonstrate several organizations working in unison towards common communication goals to support a largescale event. Each member of the team will respectively represent their partnership they are featuring in their final strategic communications plan. Working in teams will simulate the brainstorming and collaboration important for successful communication partnership integration for pre-event promotion, onsite communications, and post event publicity planning. Although Assignment #4 (part of the six assignments listed above) will be prepared and graded individually, the purpose is to take advantage of a collaborative group environment to achieve expanded ideas normally only afforded within a team environment.

#### **Oral "Pitch" Presentation/PowerPoint (Grade Total 12%)**

Within the nonprofit world, and especially the government, many good plans fall by the wayside for various reasons including mediocre responses and follow through due to lackluster meetings, pitches/and or presentations. A

presentation with colorful visuals, unique content, and interesting data, along with your distinct delivery to teammates, leaders and partners is what adds character, enthusiasm, confidence, and your signature to the finished strategic plan canvas. Each student will have 20 minutes to present their presentation to the instructor and your classmates to highlight their Government and Nonprofit Strategic Communications Plan final project. Because a pitch is usually directed at a group of people, in order for each student to receive a good cross section of feedback on the best overall perceptions and opinions, one assigned classmate will provide a written critique which your instructor will take into consideration when determining final critique and grade. The oral pitch presentations will be scheduled during the last four evenings of the semester with five students presenting each evening from 8-10 p.m.

**Final Project (Grade Total 14%)**

“Government and Nonprofit Strategic Communications Plan” - The end of the course will culminate by completing a final project students will be able to use in their professional portfolio that best demonstrates each student’s capabilities based on the learning objectives taught throughout the course. Having the students center the plan around a partnership will afford the experience to propose a consolidated communications plan for both a government and nonprofit client. Each student will prepare a strategic communications plan linking a nonprofit organization and government agency of your selection. The plan can be developed from the lead perspective of the nonprofit proposing the communication alliance to the government agency or written by a government agency for nonprofit consideration. As stated in the Assignments tab, the final project is designed to be completed in phases through each of the assignments.

**Writing Assignments**

All assignments will be written in the form of a professionally styled strategic plan. Although there is no one set format, your instructor will assist you on providing a general-purpose format/outline prior to the first assignment. For this course, students will intentionally refrain from following the regular academic format for writing assignments. No coversheets, academic-style references, or footnotes will be required. That is not to say that references aren’t needed in certain circumstances. Generally, the only source reference expected in a professional environment is when utilizing statistics. Each assignment is also set up to build the final project in phases. When turning in the second assignment, the information will be added to the final project master draft version which contains the already graded first assignment. The third and all subsequent assignments will be added to the final project master draft version in sequence as well. This course is designed to simulate and follow the protocols of a professional nonprofit and government environment to best prepare students on what to expect in a work scenario so they can excel as much as possible.

**Expectations for Writing Assignments: Writing Style**

In order to meet the academic rigor and standards of a graduate program, all students are required to use the Publication Manual of the American Psychological Association (APA) 7th Edition style in their courses. The APA 7th Edition Manual has a plethora of guidelines that includes scholarly writing, publishing principles, elements, and format for your papers, writing style and grammar, bias-free language guidelines, mechanics of style, intext citing and references, etc. For additional information on notable changes, see changes between APA 6th Edition and APA 7th Edition.

Your grade will be calculated based on the following:

Discussions/Assignments/Assessments	Total Points	Weight (%)
-------------------------------------	--------------	------------

The only passing grades for graduate students are A, A-, B+, B, B-, C+, C, and S. Grades of B-, C+ or C count toward a graduate degree if an equal number of credits in courses numbered 5000 or higher have been earned with grades of B+, A- and A, respectively. Grade points are not given for S and U grades; S and U grades are not used to calculate grade point averages. All letter-graded courses eligible to count toward the graduate degree, except 1000- and 2000-level courses, are used to calculate the cumulative grade-point average. Letter grades of C-, D+, D, D- or E are not considered

passing at the graduate level, although the grade points associated with these letter grades are included in grade point average calculations. See the [UF grading policy](#) for more information.

### LATE ASSIGNMENT POLICY

Late assignments will not be accepted unless it is a [University excused absence](#) as stated in the attendance policies. **No late work will be accepted for final projects due to the university grading deadlines.** If potential issues arise concerning submitting final work, students should contact their instructors as far in advance before deadlines to discuss the options to include an Incomplete Grade Contract.

1. Late Assignment Grade Reductions
  - a. 0-24 Hours Late: 10% reduction in grade.
  - b. Over 24 Hours (24 hours and 1 minute) to 7 Calendar Days Late: 20% reduction in grade.
  - c. After the 7<sup>th</sup> Calendar Day: Work will not be accepted.
2. Discussions cannot be accepted once a week's module is completed at 11:59 p.m. each Sunday.

## Select CJC and University Policies and Guidelines

### **Academic Integrity Policy**

UF students are bound by The Honor Pledge which states, "We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code." The [Student Honor Code](#), Violation of the Student Honor Code, specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to the appropriate personnel. If you have any questions or concerns, please consult with the instructor or TA's in this class.

## Netiquette

Casual style of communication is commonly found in the online environment and students are sometimes tempted to relax their grammar, word choice, syntax (arrangement of words to create well-formed sentences), writing mechanics (capitalization, punctuation, and spelling), and/or professionalism. Keep in mind when communicating with others to be courteous, civil, respectful, and professional. Please remember that you are adult students and professionals—your communication must be appropriate.

## Online Attendance Policy

It is imperative that you meet course deadlines and stay active in discussion boards, group projects, etc. If you are experiencing a major illness, absences due to University duties, or other large-scale issues, contact the instructor immediately.

Students are responsible for meeting all academic objectives as defined by the instructor. In general, acceptable reasons for absences include illness, serious family emergencies, special curricular requirements, military obligation, [severe weather conditions](#), [religious holidays](#), and participation in official University activities. Absences from class for court-imposed legal obligations (e.g., jury duty or subpoena) must be excused. [Excused absences](#) must be consistent with university policies in the Graduate Catalog and require appropriate documentation. For additional information, see the [attendance policies](#).

## Plagiarism

Plagiarism is unacceptable; especially, in the academic communities. All academic work must be an original work of your own thought, research, or self-expression. Plagiarism includes, but is not limited to, prohibited collaboration, consultation, submission of academic work that has been purchased or obtained (see the [UF Policy: Student Conduct Violation](#)). Remember that plagiarism is not acceptable in any of your work including all discussion board posts, journal entries, wikis, and other written and oral presentation assignments. Always cite your sources!

## Software Use

All faculty, staff, and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.
