

MMC 6455: Mass Communication Statistics

Mondays, 11:45am-2:45pm, Weimer 3024

PROFESSOR

Frank Waddell, Ph.D.
frank.waddell@ufl.edu

OFFICE HOURS

3067 Weimer Hall
Monday, 10:40am-11:40am;
Tuesday, 8:30am-9:30am

REQUIRED RESOURCES/READINGS

Access to latest version of IBM SPSS statistical package (installed local version, not UF apps)

All readings will be posted to Canvas or available via UF library access

COURSE DESCRIPTION

Mass communication statistics (MMC 6455) provides an introduction to the fundamentals of descriptive and inferential statistics commonly used in the field of communication science. Topics to be covered include central tendency/dispersion, index reliability, factor analysis, chi-square, *t*-test, ANOVA, regression, and path analysis, among others.

COURSE OBJECTIVES

Course objectives include (1) the ability to conduct statistical analyses, (2) the ability to interpret statistical output, and (3) familiarity with key terminology from the social sciences.

GRADING

Exam 1: 25%

Exam 2: 25%

Exam 3: 25%

Exam 4: 25%

Grading scale: A, 100-93; A-, 92-90; B+, 89-87; B, 86-84; B-, 83-80; C+, 79-77; C, 76-74; C-, 73-70; D+, 69-67; D, 66-64; D-, 63-60; E, 59 and below

Information on current UF grading policies can be found at:

<https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx>

ASSIGNMENTS

Exams: Four exams will be conducted, each worth 25% of your final grade. Exams will be open-note and completed individually (no group work allowed). Each exam will be short answer and require analysis of data using the IBM SPSS statistical package. Exams will not be cumulative, but do assume incremental knowledge of statistical concepts introduced throughout the course. Optional practice problems will be posted weekly to assist with exam preparation; answers can be submitted via email for feedback.

LATE WORK POLICY

One letter grade (-10 points) will be deducted per day for work submitted past the assignment's deadline. If an exam is missed, official documentation must be provided for the absence, with a makeup test scheduled within one week of the original examination. If students anticipate that they will be unable to meet a deadline due to university documented issues (e.g., health condition, death in family), please contact me as soon as possible to arrange an extension. In general, I am quite willing to work with students when issues arise that prevent you from submitting work on time.

HONOR CODE POLICY

This class strictly adheres to the UF honor code. Any prohibited behavior such as plagiarism, data fabrication, or cheating will result in a failing grade for the assignment in question and referral to the honor court, who may administer additional penalties such as a failing grade for the course or dismissal from the college. More information about the university honor code is available online at the following link: <https://sccr.dso.ufl.edu/policies/student-honor-code-student-conduct-code/>

STUDENTS REQUIRING ACCOMODATIONS

Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, www.dso.ufl.edu/drc/) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

COUNSELING AND WELLNESS

Contact information for the Counseling and Wellness Center:
<http://www.counseling.ufl.edu/cwc/Default.aspx>, 392-1575; and the University Police
Department: 392-1111 or 9-1-1 for emergencies.

COURSE EVALUATION

Students are expected to provide feedback on the quality of instruction in this course by completing online evaluations at <https://evaluations.ufl.edu>. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students at <https://evaluations.ufl.edu/results/>.

DIVERSITY STATEMENT

The University of Florida's College of Journalism and Communications Department of Journalism embraces a commitment toward an intellectual community enriched and enhanced by diversity along a number of dimensions, including race, ethnicity and national origins, gender and gender identity, sexuality, class and religion. We expect each of our graduate courses to help foster an understanding of the diversity of peoples and cultures and of the significance and impact of mass communications in a global society.

Schedule

Class 1 (1/10): Course Overview; Empirical Methods Primer

Class 2 (1/17): University Holiday; no class

Class 3 (1/24): Basics of Descriptive Statistics; Introduction to SPSS

Class 4 (1/31): Reliability/Validity; Index Formation

Class 5 (2/7): Quiz 1

Class 6 (2/14): Basics of Inferential Statistics; *t*-test

Class 7 (2/21): One-Way ANOVA; Post-hoc comparisons

Class 8 (2/28): Factorial ANOVA

Class 9 (3/7): University Holiday; no class

Class 10 (3/14): Quiz 2

Class 11 (3/21): Regression Part 1

Class 12 (3/28): Regression Part 2

Class 13 (4/4): Quiz 3

Class 14 (4/11): Introduction to Mediation

Class 15 (4/18): Chi-square; Factor analysis

Class 16 (4/25): Quiz 4
