## ACADEMIC HONOR CODE AND ACADEMIC HONESTY

University of Florida Student Honor Code:

**Preamble:** In adopting this Honor Code, the students of the University of Florida recognize that academic honesty and integrity are fundamental values of the University community. Students who enroll at the University commit to holding themselves and their peers to the high standard of honor required by the Honor Code. Any individual who becomes aware of a violation of the Honor Code is bound by honor to take corrective action. The quality of a University of Florida education is dependent upon community acceptance and enforcement of the Honor Code.

**Pledge:** On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied:

"On my honor, I have neither given nor received unauthorized aid in doing this assignment."

An academic honesty offense is defined as the act of lying, cheating, or stealing academic information so that one gains academic advantage. As a University of Florida student, one is expected to neither commit nor assist another in committing an academic honesty violation. Additionally, it is the student's duty to report observed academic honesty violations. Violations of the Honor Code and academic dishonesty will not be tolerated. Specifically, instructors will rigorously pursue incidents of plagiarism of any type or incidents of referring to any unauthorized material for any class requirement. Before submitting any work for this class, please read the policies about academic honesty at [www.dso.ufl.edu/sccr](http://www.dso.ufl.edu/sccr), and ask the instructors to clarify any expectations you do not understand.

### THE HONOR CODE

We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.

## Our Mindset for Class

(Never waste an opportunity to become better!)

1. Class will be fun. Students will look forward to the class and the assignments.
2. Everything will be useful and have a purpose. I promise not to assign any busy work.
3. Participation is required. You do not have to talk the most, but I expect active listeners and participants.
4. Mature and respectful behavior is expected. From you, and from me.
5. **Side conversations, sleeping, and checking electronics are not appropriate.**
6. I am here to help, but I expect you to check the syllabus and/or Canvas **before** asking assignment/grade questions.

## ADA Statement

The University of Florida provides high-quality services to students with disabilities, and we encourage you to take advantage of them. Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the disability Resource Center.

<https://disability.ufl.edu/get-started/>. Please share your accommodation letter with your instructor and discuss your access needs, as early as possible in the semester, **preferably within the first week of class.**

## Absences/ Late Policy

There is no such thing as a "freebie" when it comes to absences or being late. If you miss class and subsequently miss an in class assignment, you will receive a zero. Please note that most assignments are uploaded online, but some are submitted in class. Both are due by the start of class. **Late work is not accepted.** If you have an excused absence, you may make arrangements to turn in your work early. In the case of an emergency, late work may be accepted with documentation of the extenuating circumstance. **Religious holiday conflicts with class should be submitted by the third week of class.** Excused absences are as follows: University Sponsored and/or UAA Events with at least 1 week **prior** notice **and** documentation; Medical/Emotional/ Family Emergencies with **appropriate documentation and communication.** All emergency absence documentation is due within two weeks of your return to class. Make up assignments will not be given until documentation is received. If class is cancelled for unforeseen reasons, homework is still due online as previously scheduled.

## Out of Class Attendance

To supplement class discussion and engage you in opportunities within the College and across campus, attendance and participation will be required for some out-of-class activities. Excused absences for these activities will follow the same guidelines as missing a class. Keep in mind that most activities will have flexible dates and times, and **ALL** will have **VIRTUAL** alternatives so you may plan around your schedule and needs. **Procrastination, resulting in a loss of options, does not count as an excused absence.**

## COVID Statement

This is a live course with face-to-face participation activities and discussions that accomplish the student learning objectives of this course. In response to COVID-19, I ask that you take precautions for your personal safety and the safety of your peers, faculty, staff, and class guests. Below are recommendations to maximize your safety during class and throughout your time on campus.

- Getting vaccinated
- Wearing approved face coverings at all times during class activities and within buildings.
- This course will only utilize physical spaces with enough capacity to maintain physical distancing (6 feet between individuals) requirements. Please utilize designated seats and maintain appropriate spacing between students. Please do not move desks or stations.
- Sanitizing supplies are available if you wish to wipe down your space prior to sitting down and at the end of class.
- If you are experiencing COVID-19 symptoms ([Click here for guidance from the CDC on symptoms of coronavirus](#)), please use the UF Health screening system and follow the instructions on whether you are able to attend class. [Click here for UF](#)

- Should you test positive for COVID or have to Quarantine, course materials will be provided to you with an excused absence, and you will be given a reasonable amount of time to make up work. [Find more information in the university attendance policies](#).

## Recording Policy and HB233

- Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.
- For the most updated information on In-Class Recording policies, please visit the Dean of Students' website at <https://sccr.dso.ufl.edu/policies/code-change-faq/>

## Respect

**Respect is an absolute requirement for this course.** Participation is essential to the learning process and reflects 15% of the course grades. In order to give everyone the opportunity for maximum participation, a safe respectful environment must exist in the class for **ALL** opinions and perspectives. At no time should there be any use of profanity, slurs, or aggressive volume used in the discussions. This applies to course guests and students. Surfing the internet, playing games, and blogging are all disrespectful when done during a presentation or lecture. We are here to learn, and should therefore vow to listen, process, and then respectfully respond to the statements made.

- **Pre-Test & Post Test**

You will receive an email from the instructor, to your official University of Florida email address, at the beginning of the semester, and again at the end of the semester (after last class). The email will contain a link to an online survey style quiz. The link can also be accessed via the class Canvas page, in assignments. There are no wrong answers, but you are required to answer honestly, and to complete the survey fully for credit.

**5 points each**

**Due Sept 3<sup>rd</sup> & Dec 10<sup>th</sup>**

- **Attendance and Participation**

Attendance is required in this class, as lack of presence equates to a lack of participation and contribution. These elements are essential to the objectives of this course. Points will be given for class attendance. The class is live, so attendance is required. Coming late or leaving early may result in a reduction of points. Additional points will be awarded based on the level of engagement in the course as a whole. Make-Ups for in class points will only be given to those with an excused absence and documentation.

**30 points**

- **Dream Job Assignment**

On the canvas assignment page, answer the questions in reference to your long term career goal with a bullet point list of at least 5 things you plan to do during your undergraduate studies to prepare for this goal. Include a web link to the job description for your dream job or a similar position. Include three employers (companies), and the link to their careers page.

- Please do not try to make up the job requirements and tasks off the cuff. You may gather them from your review of the job postings of your actual dream job.
- Please use actual job postings and not general websites like study.com. It will give you a much more accurate understanding of what is required to achieve your goal.
- Seek job postings on company career pages and professional organization job boards.
  - No indeed.com No monster.com or anything along those lines

If you are an athlete, please complete the assignment from the perspective of your post athletic (NFL, NBA, WNBA, Olympic, etc) career. If you are unsure of your exact career interest or you have multiple interests, please identify one possible goal to focus on for the assignment.

**Also, read your classmates entries and offer a word of advice or resource to at least 2 peers in the replies.**

- Graduation, passing classes, attending classes, and other academic centered items should NOT be included as steps towards your goal. Please make very specific statements ("Join the XYZ club" vs. "join a club") *TIP- review actual job descriptions for a clear understanding of requirements and duties.*
