Time Commitment & Student Workload Expectations
Expect to spend 10 to 20 hours per week per course watching or attending lectures, reading, working on assignments and projects, and engaging in discussions.

Expectations for Writing Assignments: Writing Style
To meet the academic rigor and standards of a graduate program, all students must use the Publication Manual of the American Psychological Association (APA) 7th Edition style in their courses when appropriate for the assignment. The APA 7th Edition Manual has a plethora of guidelines that include scholarly writing, publishing principles, elements and format for your papers, writing style and grammar, bias-free language guidelines, mechanics of style, in-text citing references, etc. For additional information on notable changes, see changes between APA 6th Edition and APA 7th Edition.

Students must also demonstrate professionalism and proper use of references. Please note the below guidelines:

1. **Professional Tone & Structure:** Whether you are writing statements, talking points, proposals, or similar professional materials, your work should reflect a polished, professional style.
2. **Clarity & Organization:** Follow the structure outlined in the assignment directions. Use clear, concise language and organize your ideas logically.

3. **References & Support:** When applicable, cite credible sources to support your points and strengthen your argument.
4. **Formatting:** Ensure documents are clean, well-formatted, and free of grammatical or typographical errors.

AI Recommendations
Artificial intelligence (AI) tools can be powerful resources for brainstorming, research, and idea generation. In this course, I encourage you to explore AI as a way to enhance your learning and creativity as needed. When using AI:

- **Be Transparent:** Clearly note when and how you used AI, including what tool you used and the prompts you provided.
- **Cite Appropriately:** If AI contributed to your work, include a short acknowledgment or citation explaining its role.
- **Maintain Your Voice:** Your submissions should reflect your critical thinking and unique perspective.

Class Demeanor
If applicable, students are expected to follow these guidelines when participating in group activities:

1. **Respect:** Listen actively, value each member's contribution, and create space for everyone to participate.
2. **Professionalism:** Stay focused and avoid distracting side conversations or devices unrelated to the work.
3. **Collaboration:** Share tasks fairly, communicate clearly, and support your teammates to meet group deadlines.
4. **Preparedness:** Come ready with required materials, having completed any individual work needed for the group's success.
5. **Accountability:** Take responsibility for your part of the project and contribute to a final product that reflects shared effort.

Course Policies

Video Recording
Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal, educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.

A "class lecture" is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises

involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

Publication without permission of the instructor is prohibited. To "publish" means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third-party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.

Privacy
If your course includes live synchronous meetings, the class sessions will all be recorded for students in the class to refer to and for enrolled students who cannot attend live. Students who participate with their camera engaged or utilized a profile image agree to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, keep your camera off and do not use a profile image. Likewise, students who unmute during class and participate agree to have their voices recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the "chat" feature, which allows students to type questions and comments live. Please see UF's Information Technology policies for additional information.

Challenging Topics
In this course, we may cover subjects that may be sensitive and/or challenging. As in all our courses, we do this not to indoctrinate but to instruct, to prepare you to be the most effective and successful media professional or scholar you can be. We encourage you to understand all concepts presented in class, but we know that what you personally believe is your choice. If you want to discuss anything regarding this, don't hesitate to contact me directly.
