Bennett followed-up by saying they want to address the underlying issues as they understand these issues need to be addressed if this program is going to be successful. The Task Force would like to get back to focusing on the ideas and the big picture and making the college greater than we are today. The Senate members reviewed and discussed a handout with a list of issues developed to date. The list includes, but is not limited to, diversity in the college, how the Task Force members were chosen, branding of the college, and a plan for next steps. Pelfrey asked Bennett and Hon if they would provide a list of expanded items after the Task Force co-chairs complete meetings with the faculty in each department; the Faculty Senate can review the list prior to a follow up meeting with the Task Force Co-chairs. Pelfrey asked the co-chairs to meet again in January when the Faculty Senate can discuss the expanded list and provide feedback.</li> </ul>
