- Minutes for December 2025 meeting reviewed and approved unanimously
- Task force updates
    - An update of the Unity Project was presented by co-chair Mariano. The Complimentary Coffee Bar is a concept of an interactive event that gets CJC constituents to engage in positive activities and promotes feelings of joy and appreciation. The idea is to have a student, faculty or staff member write down something nice, a compliment, about someone else at CJC and receive a cup of coffee in exchange. The words would be written on strips of multicolored construction paper and strung together and made visible on a variety of platforms. There is also an idea to create a video photo booth to aurally and visually capture the appreciations, then edit to create a short video to be shown publicly.
    - A review of the Committee's section in the CJC Constitution is completed. Task force chair Katrice Graham created a Google doc on Dec. 18 and emailed the link to task force members for review. The task force met after winter break and chair Katrice Graham sent revisions to the CJC Faculty Senate.
    - Task force chair Pat is holding a Pulse Survey meeting on Tuesday, is pushing things along to ensure Feb. 27 launch date and will provide an update at next month's committee meeting.
